

Love it or customize it.

INTRODUCING SHANE HOMES IN ROCKWALL

At Shane Homes, we believe personalization should go much deeper than countertops and paint colors. That's why we've brought our signature **"Love It or Customize It"** approach to Texas, giving homebuyers something rarely offered in Dallas-Fort Worth: the ability to structurally customize their home before construction even begins. This includes adding extra square footage, moving walls, reconfiguring kitchens, and adjusting or adding extra bathrooms.

You create a layout that actually works for your family and lifestyle – all while maintaining the simplicity and value of a production-built home.

At Shane Homes, we believe that quality of workmanship should not be determined on the price you pay. **It's our standard.**

47 YEARS
16,000
HOMES

For more than 47 years, Shane Homes has built over 16,000 homes in Calgary, Canada, earning a reputation for craftsmanship, transparency and customer experience. Now, we're bringing that same philosophy to Texas!

And unlike many builders, the details that matter most are already included:

- 2"x6" exterior wall construction
- Oversized garages with 8' garage doors and openers
- Eight-foot solid-core interior doors on every level
- Standard ceiling heights: 10' Main floors, 9' Second floors
- Personalized building-team communication throughout the process
- Reliable 150–160 day build timelines
- And much more

SEE WHAT REALTORS ARE SAYING ABOUT THE QUALITY OF SHANE HOMES:

Our award-winning model home at **Park Hills in Rockwall** is now open. If you've been searching for a builder that gives you more control, more craftsmanship and a more transparent experience, we invite you to discover the Shane Homes difference.
